EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Anderson on 5-20-5.

3. The application has been amended as follows:

-Claims 1-41, 44-55 had been canceled.

-Claim 42, line 15: ---and being transmitted from the selected first remote unit
on at least one unused sub-channel using a modulation
scheme that does not require equalization to decode at the
central unit--- had been inserted after the word "unit".

4. The following is an examiner's statement of reasons for allowance:

Regarding claims 42-43, the prior art fails to teach or suggest in a bi-directional data transmission system that facilitates communications between a plurality of remote units and a central unit using a symbol-based discrete multi-carrier transmission scheme that has a multiplicity of discrete sub-channels provided for facilitating upstream communications between the plurality of remote units and the central unit, a method of informing the central unit of the transmission requirements of a remote unit, the method

comprising the steps of "responsive to receiving a command from the central unit indicating that a fast access transmission mode is available, transmitting communication access request from the selected first remote unit to the central unit during any of the plurality of symbol periods in the sequence, the communication access request comprising a unique remote unit identifier identifying the selected first remote unit and being transmitted from the selected first remote unit on at least one unused sub-channel using a modulation scheme that does not require equalization to decode at the central unit," in combination with other limitations, as specified in the independent claim 42.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
